# REDDICK TOWN COUNCIL MEETING
# MAY 14, 2026 – 2ND THURSDAY IN MAY

**1. Pledge of Allegiance and Invocation by Pastor Myra D. Sherman**

**Council Present: (5)**

Myra D. Sherman, Mayor
Martha Cromwell, Council Pres. Pro Tem
Shirley Youmans, Councilman
Andrea Barnes, Councilman
Teresa J. Sweetalla, Town Clerk

**Absent: ( 1 )** Nadine Stokes, Council President

**Guests: (21)**

| | | | |
|---|---|---|---|
| Lucy Ward | Joe Perry | David Glynn | Virginia Goodson |
| James Racz | Gauge Racz | Shannon Kost | T. W. (unknown) |
| (unknown) | Chez Noel | Cynthia Davis | Thomas Morris |
| Dr. Donald Manning | Brian Kuhl | Cathy Kuhl | Dick Gerard |
| Brenda Miller-Chamblis | Pastor Will Chamblis | Pam Gerard | Bob & Kim Law |

**2. MINUTES AND FINANCIAL STATEMENT: By Council Pres. Pro Tem Martha Cromwell**

Minutes of the April 9th, 2026, meeting were reviewed by Council Pres. Pro Tem, with no corrections or additions. **Motion to accept April minutes as is by Councilman Andrea Barnes.**
**The Motion was 2nd by Councilman Shirley Youmans, All in favor, None opposed. Motion carried with Council President Nadine Stokes being absent.**

**3. TREASURE'S REPORT: By Council Pres. Pro Tem Martha Cromwell**

| | | |
|---|---|---|
| April Income $18,852.43 | Expense $13,560.29 | = Profit of $5,292.14 |
| YTD Income $192,083.35 | Expense $267,112.85 | = Loss of $75,029.50 |

**Motion to accept Financials as is until audit made by Councilman Andrea Barnes. Motion 2nd by Councilman Shirley Youmans. All in Favor, None Opposed. The motion carried unanimously with Council President Nadine Stokes being absent.**

**BUSINESS;**

**A. Sheriff's Department: By Lieutenant Julie Volwinkle.**

| | | |
|---|---|---|
| Security Checks – 8 | Citizens Assist/AOA – 2 | Civil – 6 |
| Recovered Property – 1 | Suspicious Persons – 2 | Warrants - 2 |
| Traffic Stops – 6 (2) citations | Suspicious Incident – 1 | Information – 1 |
| Criminal Mischief (1) – (Trash Bins) | Marchman Act – 1 | Battery – 3 |

Lieutenant Volwinkel spoke about the Trash Bin incident. The sheriff's department went & spoke with the perpetrator about the incident. Lieutenant Volwinkel said that he did show remorse, but they could only carry the case so far because the new owner of Florid Express did not want to press charges at this time. Florida Express was bought out by a company in Pennsylvania in March or April of this year. Lieutenant Volwinkle was asked about the shooting incident near 57th Street involving 5 – 6 persons being shot at a Party with approximately 100 – 200 people attending. The case is on-going, so the details could not be discussed in length. The incident took place just outside the city limits. However, Club Charmont is inside the City Limits. The sheriff's department does have police in the 57th street area at least once a week. The sheriff's department asked if anyone heard about any upcoming parties to please call, so they could send patrols out to monitor any parties & patrol the area and try to ward off any incidents before they start. Another attendee asked if "No Parking" signs could be put up in the area to keep the party goers from blocking the roads. That is definitely an option.

Citations can be issued if the party goers are blocking roads. The police can also be called if there is a noise violation, please video violation, otherwise they must still be doing it when the police arrive. All outside loud music should be stopped 10pm-7am. If you can hear the music in your house, it is probably in code violation & the police can be called. We know that Reddick could use more police presence & the town would love to be able to pay for the 3rd party hired police presence. However, the current cost is $65.00 per hr. per deputy to have constant patrols, it would take multiple deputies as they would have to change shifts at rotation & off days. This would be entirely too expensive for the town to do at this time as our revenue funds are very limited & we are already in the red for the YTD figures of over $75K. Lieutenant Vowinkel left a crime control card & gave the phone number to call for any information or issues. That number is 352-368-STOP (7867). If anyone has any information about the previous shooting or anything else, please call the number. You can call anonymously or there is a reward if you leave pertinent information. Any calls to the sheriff's department for any new incidents will be responded to quicker if you leave your information as they must follow up with you if you report anything. All anonymous calls will be investigated, but without anyone to follow up with, they will not go to the top of the list. Incidences go on the list of importance by how dangerous or life threatening each situation is. So, please give detailed information about any issues that require police presence, make videos & call the Sheriff's Dept. at 352-732-8181, after hours this number forwards to the jail. I have attached some noise ordinance information to the end of these Minutes. I will try and break it down into an easier to read chart before the next meeting. See pages 5 -9 for noise decimals and distances allowed & see the extra page for allowed noise from vehicles. You should not be able to hear the radio from inside your house from a vehicle.

**Animal Control: This item is also listed below in New Business, item D.**

The Dog problems that the town is having was also discussed with Lieutenant Volwinkle. Reddick does have a Leash law that can be used for any animals running wild. The Lieutenant said that Animal Control has to take Dogs if they do not belong to a residence. However, some of the attendees said that they had called Animal Control & the residences were told that Animal Control could not come out & take any animals right now because they were full. They have over 300 animals right now. According to the Sherrif's department, the citizens of Reddick should not be told that as we are paying Marion County almost $3,000 per year to handle Reddick's Animal Control issues, except for Goats, Pigs, Cows & Horses. The Sheriff's department now has an AG unit, so the Sheriff's department should be called about any issues with those types of animals. The rules have changed with who can call animal control, it no longer must be the Mayor /Council Member. They now ask any citizen who has a problem with dogs to please call. The more incidents that are reported the more that Animal Control can do. Several attendees complained to Lieutenant Volwinkle about multiple dog issues with the "Hawthorne Family" dogs and other random wild looking dogs, some of those were Lucy Ward (for Cassie and Bianca), Joe Perry, James Franks, Gauge Racz &Teresa Sweetalla. Please also report any issues to the Town of Reddick office as well as Animal Control. The more complaints the quicker something will be done. Town of Reddick – 352-591-4095. Animal Control – 352-671-8727. The only information that I could find about shooting even a dangerous dog shows a fine of $10,000.00. We don't want anyone to have to pay for that, so please let's call animal control and the Reddick office. Please video any offenses if possible.

B. **Code Enforcement: By Council Pres. Pro Tem Martha Cromwell**

1. **Geribon property** – nothing new. Waiting on Marion County.
2. **Brewster property** – nothing new. Waiting on Marion County.
3. **Bob & Kim Law property** – 90 more days given at Feb. Carries until the May meeting.

*Mayor Myra Sherman suggested that 15 more days be added for the Laws, as they broke down in Texas. The RV is also sold, but the Insurance Company to come to do a report before new damage can be repaired. All the remaining vehicles in the yard are tagged & insured and run. Councilman Pres. Pro Tem Martha Cromwell did find out after the meeting, that there is no limit listed as to the number of vehicles that a person has if tagged, insured & running with some additional stipulations in the code. **A motion to add 15 days was made by Councilman Andrea Barns. The motion was 2nd by Councilman Shirley Youmans. All in favor, none opposed. The motion was unanimous with Council President Nadine Stokes being absent.**

**4. Shelby Erectors** -property marked. Work continuing. They need Mayor Sherman to visit the property. *Mayor Myra Sherman and Council President Pro Tem Marth Cromwell will go look at the property and view the new survey markers. Shelby Erectors has volunteered to move the road for the Town of Reddick from their property onto the Town of Reddick Property which is slightly west of the current roadway.

C. **Road Work/Street Maintenance: By Councilman Shirley Youmans.**

**Bushes Blocking Signs:** She has been given four Landscape Business to get full quotes from for Right-of-Way Mowing and Bush Removal around Street Signs.1. Perry Hill / 2. Grady Landscaping/ 3. Squeekie-Klean/ 4. Daniels Landscaping. Councilman Youmans has not received any of the Quotes as of the May 14th meeting. It has been suggested by other residences that we have the continuously annoying bushes sprayed with Vinegar or kill them in some other way, so cutting them back is not a constant problem.

**Hole in Road on 157th Street:** Councilman Shirley Youmans says the hole is just west of 25A (Gainesville Road) at the beginning of 157th street. Clerk Sweetalla will call Marion County for the repairs & road scraping.

**Saturday Street Clean-Up:** Councilman Youmans will set up a Saturday to do the street cleaning near NW 155th and 157th. The date has not been decided upon yet. The residences in the area have let her know that they will help with the clean-up.

**Trees Down:** There are two trees down on NW 40th Avenue Road (Dirt Road between 152nd Street and Hwy 316 near Shelby Erectors. Four bids were requested. One tree is really large. As of the May 14th meeting only 1 bid had been received. After the meeting, another tree was reported down to Councilman Youmans by Shannan Kost, located at 14739 NW 42nd Court. This tree came down during the same storm a couple of weeks back. The tree has fallen on their Barn. After the meeting, Councilman Youmans went to look at the damage & made photos for the office. This last tree is just South of Hwy 316 near the big horse gate just before the aggregates place. Ms. Kost believes that the tree is in the Town of Reddick right-of-way. If so, there will need to be ddditional quotes. Councilman Shirley Youmans believes that the tree is on Reddick property.

D. **Street Lights: By Councilman Shirley Youmans.** No new reported to office.

**OLD BUSINESS:**

A. **BMAP (Basin Management Action Plan: Read by Council Pro Tem Martha Cromwell in Council President Stokes Absence.** Still working with their department about the water & septic systems in place in Reddick. Council President Nadine Stokes is in the process of getting in contact with Alachua County to do a projected Awareness of Fertilizer in our Aquafer.

B. **Cell Phone Tower, Badges, Etc.: Read by Council Pres. Pro Tem Martha Cromwell in Council President Nadine Stokes Absence.** Waiting for call backs. Verizon has passed her off to 7 different people. Council President Nadine Stokes is still pursuing information on the cell tower

C. **Reddick Days:** Jacob & Kate Sherwood have agreed to head the committee. They will need volunteers for set-up before, clean-up after, for grills, games, coolers, ice, cups, plates, utensils, etc. Kate has also set up an email address for everyone to add what they will be bringing as this is a pot-luck situation. The email address is as follows: ReddickNeighbors@Yahoo.com. We would like to have an RSVP and about what time you plan to attend. The time discussed previously was around 11:00 to 2:00 pm, and around October 3rd. However, we are keeping (3) Saturdays available in October for now in case of bad weather. These are Saturdays from October 3rd to 23rd. This event is to further fellowship in Reddick. The sign-up sheet was available at the meeting for anyone ready to sign up. However, only 2 people signed up. We will need a lot more participation to be able to make this event happen. Please call the office or send a message to the email above. A copy of the sign-up sheet will be attached to the Minutes to let everyone know what we need to be brought to be able to have this event not only happen this year but in years to come. The reason that the Town stopped doing events in the past was the lack of participation. Reddick use to have Festivals and Parades. Please don't allow this event to stop before it even gets started.

D. **Park Pavillion:** We have received the plan back to build the Pavillion, but it has not been signed yet. We still have the option to have the remaining $45,578.15 to go to the Maintenance of the park for the next 3 years. That cost is between $13 - $15 thousand per year. The Pavilion plan has been sent to our attorney Randy Klien to review along with the original signed plan for the American Rescue Funds, to make sure that we are clear and don't have to pay anything back no matter which direction that the Council chooses to go. Clerk Sweetalla was told that the Maintenance Plan with the Parks system was already signed and is a done deal, so she requested a copy of that contract, because only an unsigned draft was found in the computer system. There was no signed copy. **A motion was made by Councilman Shirley Youmans to use the funding for the Maintenance of the Reddick Park for the next 3 years. Councilman Andrea Barnes 2nd the motion. All in favor with none opposed. The motion carried unanimously with Council President . Nadine Stokes being absent.**

E. **Brian L. Kimak Property - Address: 15015 NW Gainesville Rd, Reddick, FL 32686 – Reddick Zoned R2 - .12 Acres. Blunt Tire Center.** This property is zoned Commercial at Marion County. However, the town of Reddick has it Zoned as R2. Clerk Sweetalla has been told that Town of Reddick zoning overrules Marion County zoning and that they do not change their zoning. This concerns additional clearing and continued talk of a parking lot being put on the R2 zoned property. At the December 2025 meeting Mr. Kimak stated that he was not putting a parking lot in the additional area. However, he has told others that he will be putting a parking lot there. The problem with that is that the R2 property beside the Blunt tire center is not a commercial property. Should there be a letter written to the Kimak's concerning this before the parking lot has been completed. At the April town council meeting, Council President Nadine Stokes suggested that we get with Marion County to find out why they have properties zoned different from the town of Reddick and what needs to be done about the differences. Clerk Sweetalla contacted both Marion County Zoning, the Appraisers office & the Administration offices. They say that the Reddick zoning on the appraisal site means nothing to Marion County. They have no jurisdiction over the City of Reddick, but they do see how it can be confusing to Reddick residents. All of the Town of Reddick is grayed out on the counties mapping system. No one could find the legal codes to show that Towns and Cities overrule the county on zoning, so they are got with their attorney. He wrote us up something in an email that states such. Clerk Sweetalla was asked by Robin Hough in the Marion County Admin offices to get with the Marion County Appraisal office to get them update all of the Reddick City Limits properties to match what Reddick has each property zoned as. Clerk Sweetalla got with the Marion County Appraisers office as directed by the Marion County Admin office. Kevin in the IT department has sent a digital copy for Clerk Sweetalla to start the process of updating the Zoning and Appraisers office to match the Town of Reddick. There are 410 parcels for the Town of Reddick. Glynn Johnston at the Marion County appraisers office said that some of their zoning is over 75 years old and they can only update their records if the town asks them to. **A motion was made for a letter to be sent to the Kimak's by Councilman Shirley Youmans. Councilman Andrea Barnes 2nd the motion. All in favor, none opposed. The motion carried unanimously with Council President Nadine Stokes being absent.**

**NEW BUISNESS:**

A. **SEATS UP FOR ELECTION OR PLACEMENT**:
Seat #2 to replace Mayor Sherman on the Council to be recommended by Mayor Sherman or others and voted on by council. Council President to be voted on. Council President Pro Tem to be voted on.
**No Seats were recommended nor voted on, due to Council President Nadine Stokes absence.**

B. **Dr. Donald Manning, the principal for Reddick-Collier Elementary.** Dr. Manning addressed the Council and Attendees concerning the Reddick-Collier Elementary School about current happenings at the

Elementary School, including the current cancelation of the 4 school closings. Dr. Manning has been Principal for the past 3 years. When he received the school it had a D rating. We are very proud of the fact that since Dr. Manning has been implementing new goals and has placed an emphasis on the academic education of the students, that D rating will now be a B rating. This rating will probably not be published until July. To achieve a higher rate of education for the children, the school needs more participation from the Parents, the Churches, the City Council and the Town as a whole. At previous planned "after school" academic events with Full Staff available to the anyone in need, there has only been 10 parents to show up. Considering that there are 330 students, that is not a very good turn-out. Maybe the Churches could encourage the attendees to attend the academic events as well as the fun events. They have done participation giveaways to entice parents to come that include TV's and 100 plus gift cards, but currently parents are only attending the Harvest Festivals and other non-academic events. It is sad day, when more Sparr residents show up at the Reddick School meetings than Reddick residents. Yet, this is what is happening. Mayor Myra Sherman, Council Pres. Pro Tem Martha Cromwell and attendee Pam Gerard let Dr. Manning know that they were willing to help and have been helping the students on the side lines by participating in the Back-Pack programs along with Vouchers for food, clothes, etc. via some of the Local Churches. Mayor Myra Sherman's church did $3,000 in vouchers last year. Dr. Manning appreciated the generous efforts by the Churches and said that the school also has a back pack program. They also have a Food Pantry and Clothes available for any child in need. He also said that when he first got to Reddick, his goal was to get as many people as possible involved, so he sent out letters to all of the churches in town, but he got them all back. He was not aware of the previous Reddick, "no mail box" rules and didn't know that almost everyone in town including churches and businesses still have the PO Boxes and no mail receptacle at their physical location. Clerk Sweetalla will supply Dr. Manning with the addresses needed. To try and reach the parents, the school does a Friday call out to the parents concerning their child's attendance, performance, Etc. This is done through the Skylar Messaging System. Unfortunately, all parents do not have access to computers to check this. But I do expect that most of them have cell phones and could down-load an App. If one is available. Also, some of the parents may not know that there are computers available at the Library, which is open 4 days a week from 10am – 6pm (Mon – Wed). and 10am – 4pm (Saturday). All school events are also posted on the School's Billboards, but either they are not being read, or being ignored or not considered important enough to attend the events. This needs to change to get our towns children the best education that they can get. The school grades covered are Pre-K through 5th grade with 62 teachers and staff. The Reddick-Collier VPK program has had the biggest gains in their numbers than any other VPK program in the entire state of Florida which puts them as the top Ranked in the state as well. That is quite an achievement. I have attached to the Minutes, the Progress Chart for the school along with the Grade Trends from 1999 – 2025, and the Attendance Records for the entire school year. Please look over these reports, They show significant advances in the academic achievements of the students. There are no losses, the minimum gain was 6% with the maximum being a 25% gain. The students, staff and parents that made this possible should be commended and recognized. We are going in the right direction. So, pushing forward could take the school to an A rating for next year, if we can get more parents and the community involved in making this happen. The school also has additional programs that help the students in their quest for higher learning. Some of those extracurricular activities are 4H, Ag and Equine Club, Art Club, Musical Theater Club and the Keyboarding/Piano Club. Extracurricular activities do tend to contribute to better grades for students, so please consider having your child enroll in some of these programs for the upcoming school year. Any positive input on how to reach the parents and get everyone in town more involved would be greatly appreciated.

C. **Vandalism of the Trash Bins.** On April 6th about 6 -7 bins were hit on 42nd Terrace. The following Monday April 13th, about 30 – 35 bins were hit and damaged or knocked over. Only 5 people reported damaged bins. The police were called and a report was filed. We need more people to come forward about any additional damaged bins or any other grievances concerning the person that allegedly damaged the

bins. The car that hit the bin at the Sweetalla residence was seen speeding away by Clerk Sweetalla and portions of his bumper and headlight were scattered around the turned over bin. Another resident also saw the car and driver as he hit the Bins in front of the Community Center and sped away. Florida Express employees were trying to help with the case, but they have currently been bought out by a Pennsylvania company, and they do not currently want to press charges. They have supposedly brought out new bins to replace the old ones, but as far as I know they have not picked up any of the damaged bins. Please let the Reddick office know if you still have a damaged bin and want it picked up. If anyone knows any more about this please report it to the office. There was previous discussion about this on Page 1, under the Sheriff's department section.

D. **Dogs chasing residences and children in the neighborhood: The 2 dogs that have chased most of the children and some of the elderly people in the neighborhood live at the Hutchinson's property, 4248 NW 153rd Street, Reddick, Fl 32686. Parcel #06592-000-00.** Animal control has come out about those dogs several times in March and April. They had the owners put up a fence. The dogs keep getting out. Animal Control had the owners give their dogs Rabies Shots and show proof. Now the dogs have knocked down Mr. Joe Perry and broken his wrist. They cornered Mr. Ernest Thompson on his scooter and kept him hemmed up for over half an hour. Mr. Thompson made a video. They have chased all the new children by the post office, they have chased Gauge Racz, Cassie Ward & Bianca. The dogs have come into the Stoup's yard twice after Mr. Stroup. They have come into the Sherwood's yard repeatedly, forcing them to put up a fence to protect their children & pets. Animal control has been called by Clerk Sweetalla about the concerns. Animal Control has requested that anyone having any problems with any dogs to please try & make a video or photo of the incident if possible, and to always call them directly as well as calling the Reddick office to log your complaint, as the town of Reddick does not get a list of calls from Reddick Residences into the Animal Control. In the past, only the Mayor/Council/Clerk could call about animal control complaints. However, with the improvements in Animal Control each call is now logged as an additional complaint. This gives Animal Control more authority to take action because of the number of complaints filed. The Animal Control phone number is 352-6741-8727. Please put this number in your phones, so that you can report any threatening dogs. This item was also discussed in more depth in the Sherriff's department section on Page 2. Reddick office # 352-591-4095.

E. **Dr. Brenda Miller-Chambliss and her husband Pastor Will Chambliss are with Embassy Multi-Ministry Complex, 12701 NW 38th Avenue, Reddick, FL 32686.** They have newly relocated back to Florida from NC. They have obtained the church near the Marion Middle School. Mrs. Miller-Chambliss would like to introduce their ministry to the community and offer their services to anyone in the area that may need them. The Chambliss are familiar with loss as their son was murdered. The case is still unsolved. They want to do outreach prevention for the children of the community as well as ministry to the families of murdered and suicide victims. The Chambliss were originally from Florida and moved to North Carolina, but they were drawn back to Florida where they have land in Palatka. They had plans to open their ministry on their land there, but God had other plans and brought them to Reddick. They have aired their ministry through BBTV since 2000. They use their ministry and media to help communities heal. When their son was murdered, there was no grief counseling available for that type of situation, even at their church. They travel with the ministry and air internationally. Dr. Brenda has also written a book, and they use the ministry, speaking events, etc. as well as the book sales to fund their programs. The name of the book is "Step by Step". They will be bringing their "CAP Center" to the area. CAP stands for "Crisis, After-Care, Prevention". Their "Village Voice" is also coming in July, in Digital & Print. They also want to do what they can to help Dr. Manning connect with the local parents to increase overall participation. They are not here to steal church members from the other churches. They are here for the lost that are not going to any churches. Mayor Sherman asked Dr. Chambliss why they chose Reddick as their base. Dr. Chambliss said that the Holy Spirit told them to look in Reddick. After multiple tries to

Buy the same property here in the area that kept showing under contract, they finally saw the property still available. They listed to God, contacted the realtor and bought the property sight unseen the same day. They would like to also like to try and participate in a movement to get the Youth together in a positive way. Dr. Chambliss said that the first step is for the Adults to have a get-together to try and understand the way that the youth think before they can be reached. Pastor Will Chambliss also spoke briefly to the attendees.

***Additional Information:**

1. **Reddick Park:** Somone got locked of the bathrooms. Clerk Sweetalla requested the keypad codes and keys; just in case a child gets locked in. The Parks office is not open on the weekend to come out and open the doors. Your calls will only go to a phone answering and logging service during the weekend.

2. **Reddick City Limit Sign:** A new one was ordered and placed on 155th Street, East of 25A. However, they put it in the middle of the property with the black fence. It should have been at the East side of the property. Clerk Sweetalla will call them back to get them to move the sign to the proper location.

3. **Peacocks:** If anyone is missing their Peacocks, Please let the office know. Some have been spotted near Ms. Williams neighbor's home. Office # 352-591-4095

4. **Microphones:** The attendees had a hard time hearing some of the council members and requested again that the town purchase some microphones. This is something that Council President Nadine Stokes was checking into. We will see what the update is on the purchase.

5. **Emergency Management Training:** Council Pres. Pro Tem Martha Cromwell attended the mandatory meeting in Ocala on Monday (5-11-2026). There will most likely not be any other physical classes & all future classes will have to be done on-line. This is a mandatory calls for all of the Council Members. Preston Bowling, the Deputy Director of the Emergency Management Department did the classes.

6. **Noise Ordinance Question:** One of the Attendees came up to speak at the end. She said that her husband and her moved here 4 years ago from Wildwood. She is not happy with all of the loud music noise in her neighborhood. She said that someone plays music loud 7 days a week. She has asked them to keep the noise down. However, they do not comply. She and her husband Noel were in bed when the recent shootings started. She called the police department. They sent out the State Troopers as that was who was available. Mayor Sherman spoke with the lady and told her that we had addressed most of the issues that she was bringing up at the first part of the meeting and everything that was being said had already been covered and that she should have spoken with Lieutenant Volwinkel about the complaints before the officer had left. The attendee did not realize that the officer would leave before the meeting was over. The weekend after the meeting Mayor Sherman went to the area and spoke with the guys running the place that does the car stereo installations. She informed them of the Noise Ordinance and asked them to keep the music down and stop all music from 10pm – 7am. They said they were not aware of the ordinance and would comply. She also invited them to attend the monthly meetings so they could be more positively involved in the community. They said they would try.

7. **Kerry Gentry from Lowell:** Mr. Gentry lives on the other side of the new Tiz Wiz location in Lowell. He had complaints about how he was being treated in the area. However, his residence is not located in the Town of Reddick, even though he has a Reddick address. It was explained to him that he was not in Reddick, but he disagreed. Reddick city limits is approximately 1 square mile and has 410 property parcels in the city limits and about 500 residents. The outlying properties that have a Reddick address only have the Reddick address because Reddick is the only post office in the area that has mail delivery. That delivery goes halfway to Ocala, Williston, Citra, Etc. Unfortunately, having a Reddick address does not place you within

the City Limits of the Town of Reddick. The town would love to help all residents with a Reddick address; however, Reddick has no authority outside of the city limits of the town. As we sympathize with Mr. Gentry's problems, it would probably be more beneficial for him and anyone outside the Town's reach to attend the monthly Marion County Council Meetings. After the meeting Mr. Gentry spoke with Pastor Chambliss, Dr. Chambliss and Mayor Sherman to see what other avenues that may be available to help with his concerns.

**Meeting adjourned around 9pm.**

**Approved By:**

_____

**Mayor Myrda D. Sherman**

**Respectfully Submitted By:**

_____

**Town Clerk – Teresa J. Sweetalla**
